RE: 2017 Wildfire Smoke Exceptional Event Demonstration, Black Thunder Mine

Dear Ms. Hooper-Barden:

Thunder Basin Coal Company prepared and submitted a site-specific Wildfire Exceptional Event Demonstration for the exceedance that occurred at Black Thunder Mine on September 3rd due to the regional wildfires in 2017. We would like to have this site-specific information submitted to EPA with the regional Exceptional Event Demonstration that the Air Quality Division has prepared.

If there are any questions please feel free to contact either David Kline or myself.

Sincerely,

A handwritten signature in black ink that reads 'Lecia Craft'.
